Dear Sirs

New Patent Application in U.S.A
***** To be filed by 23 October 1995 (23.10.95)*****

We enclose documents for a new patent application to be filed in the U.S.A according to the particulars set out on the enclosed Data Sheet.

The application must be filed on or before 23 October 1995 (23.10.95)

Please check the enclosed documents and advise us immediately - by facsimile - of any defects. In particular, please advise us if any amendments are required in order to obtain the best patent protection.

IMPORTANT: You are expressly instructed that this application, any ensuing divisional or continuation applications, and any resulting patent(s) are not to be allowed to become abandoned or void in any way or in any circumstances without explicit instructions from this office. To that end, you are expressly instructed to pay all necessary fees to maintain the application(s) or patent(s) unless you receive instruction to the contrary.

All debit notes in connection with this matter should be made out to Exxon Chemical Limited, and be sent to us at the address printed on this letter.

Please acknowledge receipt of this letter and enclosed documents immediately by facsimile, and advise us immediately if any further documents are required.

Yours faithfully

S J Bayliss
